

Average Bike Demand by Season

Average Bike Demand by Working Day

Average Bike Demand by Weather Situation

Distribution of temp

Distribution of cnt

Distribution of hum

Distribution of windspeed

cnt vs Normal Distribution

Bike Demand in 2011 vs 2012

Windspeed vs Demand

Temperature vs Demand

Humidity vs Demand

Correlation Matrix

Distribution of Daily Rentals by Year

	temp	hum	windspeed	cnt
temp	1.0000	0.1270	-0.1579	0.6275
hum	0.1270	1.0000	-0.2485	-0.1007
windspeed	-0.1579	-0.2485	1.0000	-0.2345
cnt	0.6275	-0.1007	-0.2345	1.0000

Simple Linear Regression: temp → cnt

Final Model Comparison: R^2 Train vs. R^2 Test
